Parish 2031 - These are 'Working Draft' Maps which show some of the Council's ideas for future development. The key themes are:

- Significant new areas of public open space, which would protect valuable countryside close to Hurstpierpoint from future development, forever.
- About 200 new homes, built over a number of years up to 2031, in five key sites.
- Protecting the countryside.
- Keeping a 'village feel' in our communities
- Improved traffic management and parking.
- The problems of drainage and sewerage at Sayers Common shall be resolved before any further development takes place.
- Improved community facilities.
- Supporting new development for employment.

New Chairman

The Council was pleased to elect John Wilkinson as the new Chairman for the year from May. John replaces John Lowman who had been Chairman for seven years and the Council expressed its sincere thanks for his years of service in the post. John Lowman remains on the Parish Council and is Chairman of the Neighbourhood Plan Working Group.

Stephen Hand, who joined the Council in May 2011, has been elected Vice-chairman of Council.

New councillors

The Council is pleased to welcome two new members, who were co-opted on 14 June 2012 following a selection process. Judith Marsh has lived in Sayers Common for a number of years and James Smith has recently moved into the Willow Way area of Hurstpierpoint. We are pleased that they are able to bring their skills and experience to the Parish Council.
